

IPCI44SCP Quiz zero

Login to matrix.senecacollege.ca using a terminal client (PuTTY) and create a text file called **quiz0.txt** as follows:

nano quiz0.txt <ENTER>

In the file answer the questions that follows.

Remember to save your file as you are answering the questions using "CTRL-O" in nano.

This makes sure no data is lost in case of a dropped connection.

When done, Save and exit.

Finally, issue this command to submit your quiz (**quiz0.txt**) to Fardad.

~fardad.soleimanloo/submit scp00<ENTER>

Answer the following questions:

- 1- What is your name? (also, what would you like to be called?)
- 2- How do you refer to yourself with respect to computers:
Never used a computer, User, Experienced User, Gamer, Internet User, Programmer, Other;
Explain more in a paragraph.
- 3- Do you have a computer at home?
- 4- Do you have a highspeed internet connection at home?
- 5- Do you have a headset at home? (with microphone)
- 6- Do you have a webcam at home?

If you receive a feedback from me, it means you have mistakes that you have to reflect on.

To reflect on your mistakes, create a text file called quiz0_ref.txt. In this files, write your mistakes, then write the correct answer and then using this command submit it to Fardad.

~fardad.soleimanloo/submit scp00_ref<ENTER>

*Remember that in next quizzes, the zero in **quiz0.txt**, **scp00**, **quiz0_ref.txt** and **sttq0_ref**, will change to the number of the quiz at the time.*
